

Ecology in a Changing World

PhD Student Conference

23-25 March, 2019

University of Warsaw, Faculty of Biology
Biological and Chemical Research Centre
Żwirki i Wigury 101, 02-089 Warsaw

The meeting is open to PhD students of plant, animal and landscape ecology, conservation ecology, biogeochemistry and microbial ecology, their supervisors and other ecologists from any country. We do not expect conference-type presentations, which pretend that everything is already solved. Presentations can include open questions and discussions of possible alternative ideas or methods.
